

FBLA High School Competitive Events Guidelines

2022–2023

Introduction to Competitive Events

Competitive events at the National Leadership Conference play an integral role in the mission of FBLA. They prepare students for successful careers in business by providing opportunities to apply classroom concepts in a workforce-simulated competitive environment. The competitive event guidelines and competencies that follow were created for competitors, advisers, and event judges.

Guidelines

Guidelines are grouped by component (i.e., objective tests, production tests, presentation, and case study) and include an event overview, eligibilities, and instructions on how to compete. For guidelines related to a group of events, click on the group title in the table of contents. Once on a group page, click on an event name for specific guidelines.

New, Modified, & Retired Events

To propose a new event, recommend an event modification, or suggest retiring an event, complete and submit the Recommendation for New/Modified Competitive Events form.

Changes for 2022–2023

Membership Year

The following list highlights the most significant changes made for the current membership year. Check with your state to see if the new events will be offered at the state level this year.

New Event

- Introduction to Marketing Concepts—objective test, individual event, 9th/10th grade only

Modified Events

- Digital Animation (formerly known as 3-D Animation)—modified to allow competitors to submit their videos in any digital format (2-D or 3-D) they wish.
- Introduction to Public Speaking—will now have a topic posted each year from which the speech must be developed.
- Public Speaking—will now have a topic posted each year from which the speech must be developed

Updated Procedures

- The cover and table of contents do not count toward the 15-page limit for reports.
- The FBLA High School rating sheets will be modified to include a “score range” for the descriptors of each expectation item.

- Time penalties will be eliminated from all events, and timers will stop students from continuing once their allotted time has elapsed.
- Permanently move to have all team event objective tests taken individually by each team member. The scores of all team members will be averaged to determine the average team score. Any team member who does not sign in and take the test will be removed from the team and prevented from advancing to final round competition.
- Members may compete in an event at NLC more than once if they have not previously placed in the top ten of that event at NLC. If a member places in the top ten of an event at NLC, they are no longer eligible to compete in that event. This eliminates the exceptions for team events that were previously in place, as this change will now affect all events.
- FBLA will pilot a digital badging policy to give recognition to members who earn a proficient level on objective tests.

Overview of FBLA High School Competitive Events Program Categories

Below is a description of the different types of national competitive events. The states may modify the events offered at the district/region and state level. Always check your state guidelines if competing at the district/region and/or state level of competition.

CATEGORY	DESCRIPTION
Objective Test	An objective test administered during the National Leadership Conference.
Production Test	Two parts: a production test administered and proctored at a designated school-site prior to the NLC and an objective test administered on-site at NLC.
Presentation Event	The presentation of a project, speech, or interview. Competitors may be allowed to use technology, equipment and/or visual aids as part of the presentation. Check specific event guidelines to determine what is allowed.
Case Study Event	An objective test administered during the National Leadership Conference. For team events, competitors will test individually, and members' scores will be averaged to determine the team score. The top 15 scoring individuals/teams will advance to the final round of competition. Some case study events do not have an objective test.

Open Events

Open, online testing events are open to any FBLA member present at the National Leadership Conference. Prerequisites or registration is not required. The open event tests differ each year. The top winner of each open event is recognized during the awards ceremony.

Pilot Events

From time to time new events will be piloted before being added to the regular competitive events program. Those events will be noted in the list of events with the word "Pilot" after the event name. A person competing in a pilot event is eligible to compete in another individual or team event. The top five winners are recognized during the awards ceremony.

General Competitive Events Guidelines

The general event guidelines below are applicable to all FBLA High School national competitive events. Please review and follow these guidelines when competing at the national level. When competing at the state level, check the state guidelines since they may differ.

All members and advisers are responsible for reading and following competitive event guidelines.

Eligibility

- **Dues:** Competitors must have paid FBLA national and state dues by 11:59 p.m. Eastern Time on March 1 of the current school year.
- **NLC Registration:** Participants must be registered for the NLC and pay the national conference registration fee in order to participate in competitive events.
- **Deadlines:** The state chair, or designee, must register each state competitor on the official online entry forms by 11:59 p.m. Eastern Time on the second Tuesday in May.
- Each state may submit four entries in all events.
- Each competitor can only compete in one individual/team event and one chapter event.
- Each competitor must compete in all parts of an event for award eligibility.
- A team shall consist of two or three members. The exception is Parliamentary Procedure, which must be a team of four or five members.
- All members of a team must consist of individuals from the same chapter.
- If competitors are late for a competitive event, there are no guarantees they will get to compete. Competitive event schedules cannot be changed. **PLEASE NOTE** that competitive events start in the morning before the opening session of NLC.
- Competitors may be disqualified if they violate competitive event guidelines.
- Picture identification (drivers' license, passport, state-issued identification, or school-issued identification) is required when checking in for competitive events.

General Competitive Events Guidelines

Repeat Competitors

- Members may compete in an event at NLC more than once if they have not previously placed in the top ten of that event at NLC. If a member places in the top ten of an event at NLC, they are no longer eligible to compete in that event. This eliminates the exceptions for team events that were previously in place, as this change will now affect all events.
- **Modified Events:** A competitor may compete in the same event when the event is modified, regardless of placement at a National Leadership Conference. Note, if the only modification is a name change, competitors may not compete in the renamed event if they have previously placed in the top ten at the National Leadership Conference.
- **Chapter Events:** Competitors may compete in a chapter event as many times as they wish, regardless of placement at a previous National Leadership Conference (American Enterprise Project, Community Service Project, Local Chapter Annual Business Report, and Partnership with Business Project).
- **Pilot Event:** Competition in a pilot event does not disqualify a competitor from competing in the same event if it becomes an official competitive event. The participant may compete in another event as well as a pilot event.

Breaking Ties

- **Objective Tests:** Ties are broken by comparing the correct number of answers to the last 10 questions on the exam. If a tie remains, the competitor who completed the test in a shorter amount of time will place higher. If this does not break the tie, answers to the last 20 questions will be reviewed to determine the winner.
- **Objective and Production Tests:** The production test scores will be used to break a tie.
- **Objective Tests and Performances:** The objective test score will be used to break a tie based on the tie-breaking criteria of objective tests.
- **Reports/Projects and Performances:** The report/project scores will be used to break a tie.
- **Performances:** Judges must break ties and all judges' decisions are final.

General Competitive Events Guidelines

National Deadlines

- State chair/adviser must register all competitors for NLC competitive events online by 11:59 p.m. Eastern Time on the second Tuesday in May.
- All prejudged components (reports and projects) must be submitted by 11:59 p.m. Eastern Time on the second Tuesday in May.
- All prejudged projects and reports must be submitted electronically.
- All production tests must be submitted by 11:59 p.m. Eastern Time on the third Tuesday in May.
- All production tests must be uploaded online on the required platform.
- State chair/adviser may make name changes only (no additional entries) by 11:59 p.m. Eastern Time on the first Tuesday in June. Competitor drops are the only changes allowed after this date and onsite.

National Awards

- The number of competitors will determine the number of winners. The maximum number of winners for each competitive event is 10.

Americans With Disabilities Act (ADA)

- FBLA-PBL meets the criteria specified in the Americans with Disabilities Act for all participants who [submit an accommodation form](#).
- The form must be submitted by 11:59 p.m. Eastern Time on the second Tuesday in May.

Recording of Presentations

- No unauthorized audio or video recording devices will be allowed in any competitive event. Participants in the performance events should be aware the national association reserves the right to record any performance for use in study or training materials.

General Performance Event Guidelines

Performance Guidelines

- Fifteen competitors/teams or an equal number from each section in the preliminary round will advance to the final round. When there are more than five sections of preliminary performances for an event, two competitors/teams from each section will advance to the final round.
- In the case of team events, all team members are expected to actively participate in the performance.
- Each competitor must compete in all parts of an event for award eligibility.
- Competitors cannot be replaced or substituted for prejudged events except for the chapter events— American Enterprise Project, Community Service Project, Local Chapter Annual Business Report, and Partnership with Business Project.
- If competitors are late for a competitive event, there are no guarantees they will get to compete. Competitive event schedules cannot be changed. **PLEASE NOTE** that competitive events start the morning before the opening session of NLC.
- All competitors must comply with the FBLA dress code.
- Prejudged materials and résumés will not be returned.

- No animals (except authorized service animals) will be allowed for use in any competitive events.

Technology Guidelines

- Competitors present directly from a laptop/ device in the preliminary round. Screens and projectors are not allowed for use during preliminary round competition, and competitors are not allowed to bring their own. Power will not be available.
- Competitors can present with and bring any of the following into the performance as long as it fits on the small table in front of the judges table or is held by the competitors:
 - Laptop
 - Tablet
 - Mobile phone
 - External monitor that is approximately the size of a laptop monitor
- The following will be provided for the final round of technology presentation events: screen, power, table, and projector. It is up to final round competitors to determine if they wish to use the provided technology.
- Participants using laptops or other devices that do not have an HDMI port will need to provide their own adapters.

NOTE: Technology Guidelines continued on the next page.

Case Study Events

Overview

These events consist of a case study. In many cases, these events consist of two parts: an objective test and an interactive case study. A 60-minute objective test will be administered on-site at the NLC. Team competitors will take the test individually and team scores will be averaged. Please check specific event guidelines to determine whether or not the event has an objective test.

Eligibility

Each state may submit up to four entries. Competitors must have paid FBLA national and state dues by 11:59 p.m. Eastern Time on March 1 of the current school year.

NLC Registration

Participants must be registered for the NLC and pay the national conference registration fee to participate in competitive events.

Finals

Case study events with an objective test: The top fifteen scoring individuals/teams advance to the final round.

Case study event that do not have an objective test: Fifteen finalists, or an equal number from each group in the preliminary round, will advance to the final round.

Specific Guidelines

An effective business plan should include the following information:

- **Executive Summary** provides a brief synopsis of the key points and strengths included in the plan.
- **Company Description** includes basic details of the business, including an overview, location, legal structure, and organization.
- **Industry Analysis** provides an analysis of the larger industry in which the business will belong; analyzes key trends and players in the industry; demonstrates an understanding and awareness of external business decisions.
- **Target Market** provides a brief overview of the nature and accessibility of the targeted audience.
- **Competitive Analysis** includes an honest and complete analysis of the business' competition and demonstrates an understanding of the business' relative strengths and weaknesses.
- **Marketing Plan and Sales Strategy** demonstrates how the business' product or service will be marketed and sold; includes both strategic and tactical elements of the marketing and sales approach.
- **Operations** provides an overview of business operations on a day-to-day

basis, including

production processes, physical facility reviews, use of technology, and processes followed to ensure delivery of products or services.

- **Management and Organization** describes the key participants in the new business venture and identifies human resources the business can draw upon as part of the management team, employee pool, consultants, directors, or advisers. It also portrays the role each will play in the business' development and discusses compensation and incentives.
- **Long-Term Development** gives a clear vision of where the business will be in three (3), five (5), or more years. It offers an honest and complete evaluation of the business' potential for success and failure and identifies priorities for directing future business activities.
- **Financials** indicate the accounting methodology to be used by the business. Discuss any assumptions made in projecting future financial results. Present projections honestly and conservatively.
- **Appendix** includes copies of key supporting documents (e.g., certifications, licenses, tax requirements, codes, letters of intent or advance contract, endorsements, etc.).
- **Note:** Business must not have been in operation more than 12 months.

2023 NLC Topic

Develop a program that will help improve student involvement at your school. This original computer program will track student participation and attendance at school events. Once students participate or attend events, they are awarded points. You must have a way to pick a random winner each quarter from each grade level, as well as the student with the top point accumulation. The number of points a person has accumulated will translate to the prize they will win. You will need to have at least three prizes (a school reward, a food reward, and a school spirit item).

- Assign a point value for participating in or attending events.
- Must have at least five sporting events and five non-sports school events.
- Track students' names, grades, points.
- Generate a report at the end of the quarter to show points per student in each grade.
- Data must be stored persistently. Storage may be in a relational database,

a document-oriented NoSQL database, flat text files, flat JSON, or XML files.

- The user interface must be a GUI with a minimum of five different control types including such things as drop-down lists, text fields, checkboxes, date picker, or other relevant control types.
- All data entry must be validated with appropriate user notification and error messages including the use of required fields.

WidgetCo is a new international business selling widgets to customers in China, France, Canada, and the United States. In determining the suitability to conduct business in these countries, WidgetCo executives need an effective data analysis of the datasets that are available. You are working on WidgetCo's data analysis team. Your team will provide recommendations to the WidgetCo executives about opportunities and challenges that they may encounter now or in the future. Using the datasets given, in addition to your own supplemental research, analyze the data and provide analyses and recommendations about the opportunities and challenges facing the business.

Use the [datasets found here](#) to conduct your analysis for each country (China, France, Canada, and the United States):

- Population, total

- Poverty headcount ratio at \$1.90 a day (2011 PPP) (% of population)
- Life expectancy at birth, total (years)
- Population growth (annual %)
- Net migration
- Human Capital Index (HCI) (scale 0-1)
- GDP (current US\$)
- GDP per capita (current US\$)

- A story about a school activity or event
- Three other pages including information and designs of your choice.

Project Guidelines

- Competitors must prepare projects. Advisers and others are not permitted to help.
- Competitors are expected to follow all applicable copyright laws. Refer to the Format Guide for copyright guidelines.
- Competitors are responsible for bringing a copy of their project to show to the judges.
- Any photographs, text, trademarks, or names used must be supported by proper documentation and approvals indicated.

Performance Guidelines

- Presentation of the entry must be conducted by competitors who authored the event.
- Visual aids related to the project may be used during the presentation; however, no items may be left with the judges or audience.
- The individual or team must perform all aspects of the presentation. Other chapter representatives may not provide assistance.
- Final performances may be open to conference attendees, space permitting. Finalists may not view other competitors' performances in their event.

Technology Guidelines

- Five minutes will be allowed to set up equipment or presentation items. When five minutes have elapsed, the timer will automatically start the seven-minute performance clock.
- See General Performance Event Guidelines for additional Technology guidelines.
